

A technical drawing of a rectangular component, possibly a connector or a small electronic component. The drawing shows a perspective view of the component with two vertical slots on the front face. The top and bottom edges of the component are slightly rounded. There are four sets of small, rectangular protrusions or tabs: two on the top edge and two on the bottom edge, positioned near the corners. Dimension lines with arrows indicate the following measurements:

- Height:  $2\frac{5}{16}$ " (58mm)
- Width:  $\frac{7}{8}$ " (22mm)
- Depth:  $\frac{13}{16}$ " (20mm)

$2\frac{5}{16}$ "
